The Window from which we look

*A young couple moves into a new neighbourhood.*

*The next morning while they are eating breakfast,*

*The young woman sees her neighbour hanging the wash outside.*

*"That laundry is not very clean", she said..*

*"She doesn't know how to wash correctly.*

*Perhaps she needs better laundry soap."*

*Her husband looked on, but remained silent.*

*Every time her neighbour would hang her wash to dry,*

*The young woman would make the same comments.*

*About one month later, the woman was surprised to see a*

*Nice clean wash on the line and said to her husband:*

*"Look, she has learned how to wash correctly. I wonder who taught her this."*

*The husband said, "I got up early this morning and  
Cleaned our windows."*

*And so it is with life. What we see when watching others  
Depends on the purity of the window through which we look*
